Organizational meeting in early November

Collective Success Network (CSN) is opening up a Virtual **Consortium Chapter** for all Philadelphia area first-generation and/or low-income (FGLI) college students.

Our goal is to help FGLI students realize their potential in their journey through college to career by building a supportive community of peers and professionals.

By signing up for the Consortium Chapter, you'll have access to resources, information, social events, programs, job and internship postings, awards, and mentors, all tailored to the needs of FGLI college students. And you will meet others like you from campuses across the Philadelphia area. Start building your social and professional network now. As they say, it's not just what you know but also who you know that can make a difference.

Come and join the CSN Consortium Chapter!
